Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

On June 3, 2004, an amendment was filed by facsimile responsive to the office action dated December 3, 2004. A copy of the amendment is attached, together with a copy of the amendment transmittal form and of the facsimile receipt, indicating that the PTO timely received the amendment.

Unfortunately, today our office noticed that a word processing error occurred during the preparation of the amendment transmittal form, resulting in an incorrect applicant name, confirmation number, serial number, and examiner name. The remaining header information, including filing date, group art unit, customer number, and title, was correct. The undersigned regrets the error, although the PTO should encounter no

difficulty in matching the papers to the correct file, since all of the header information on the amendment itself is correct.

For the purpose of correcting the record, a correct signed amendment transmittal form is attached. The undersigned respectfully requests that this form be substituted for the previous incorrect one in the record, so that private data related to the incorrectly named client's application is not compromised by becoming part of the record in the subject application.

Accordingly, Applicants respectfully submit that the amendment for the subject application is in condition for examination on the merits. If further issues need to be resolved, the Examiner is respectfully invited to contact the undersigned at the below listed number.

Respectfully submitted,

Donald E. Stout
